## Proposition 84 Arsenic Remediation Project UPDATE 7/3/2017

Apple Valley Construction has completed the Sand Canyon Road portion of pipeline installation with the exception of the road crossing at Umtali Road which is scheduled for Wednesday, July 5, 2017. A detour behind the mailboxes at this location will allow traffic to pass during the construction activities.

Once the Umtali crossing is complete, Apple Valley Construction will move to the intersection of Tanganda and Transvaal in order to complete the road crossing at this location which should occur on Thursday or Friday. A detour will be provided north on Transvaal to allow traffic to pass during this construction.

After the road crossings are complete, Apple Valley Construction will proceed to Pretoria Road to construct about 1300 feet of pipeline from Transvaal traveling east.

QVWD apologizes for any inconvenience you may encounter during this construction and we are working with Apple Valley Construction to minimize any impact you may experience.

If you have any questions, comments or concerns, please call our office between 8:30 AM and 12:30 PM or email [customerservice@qvwd.org](mailto:customerservice@qvwd.org) and we will do our best to assist you.

Please use caution when passing construction zones.
