August 27, 2018

Cora Constructors, Inc.  
75140 St. Charles Place, Suite A  
Palm Desert, CA 92211

ATTENTION: Dennis Stockman, President

SUBJECT: Notice of Award  
**P84C-1502724-001C, QUAIL VALLEY WATER DISTRICT, WATER TRANSMISSION  
LINE AND RESERVOIR PROJECT, WATER STORAGE PHASE**

This letter serves as the written Notice of Award for the subject project. Enclosed please find three (3) copies of the Agreement for your signature. Return all copies of the executed Agreement as well as executed copies of the Performance Bond and Payment Bond within ten (10) calendar days from the date of this written Notice of Award.

It was noted that there is one (1) error on the bid form that does not affect the total amount of the award and is described as follows:

- 1) BASE BID – Montclair Tanks 1 and 2.

The bidder failed to insert the unit price and total price for Item No. 1 - Site Grading. However, the sum total bid amount (\$433,000) shown on the bid sheet clearly infers that a price was intended. The actual bid amount for this line item (\$74,000) can be extracted from the sum total. The amount for site grading is consistent with the bid prices submitted for Site Grading at the other Tank Sites.

Based on the above correction, the total amount of the award for the Base Bid plus the Additive Bid Item No. 1 shall be \$ 1,377,835.00 (BASE BID ITEMS I THROUGH III and ADDITIVE BID ITEM NO. 1).

If you have any questions concerning this process, please contact the undersigned at the address and phone numbers listed below.

Sincerely,

Randy Hardenbrook, General Manager  
Quail Valley Water District  
24750 Sand Canyon Road
