Rita Leonard
Enrique Lopez
Dick Sims

April 1, 2019

* OFFICE HOURS * **REMINDER**

With Richard's retirement, the District does not have staff dedicated to keeping regular office hours. We will continue to have the office open from 8:30 to 12:30, Monday through Thursday, as long as staff is available but there will be times when this is not possible. If you would like to insure that staff is in the office during those hours prior to making a trip to the office, please feel free to call the office at (661) 822-1923.

Thank you for understanding as we work through this transition .

CONSTRUCTION UPDATE

The contractor working on the new water storage reservoirs will be on hiatus for the next couple of weeks waiting on the tanks and other materials to be fabricated and shipped. During this hiatus, District staff will be working on installation of two new water services and doing repairs along Um-tali Road that are leftover from the County road paving project.

Water Treatment Plant footings and new Montclair well.

COMMUNITY NEWS

The first of five public meetings was hosted by Tehachapi Valley Recreation and Park District and Sand Canyon Volunteer Council at the Water District office to solicit input from the public regarding the possible construction of a park in the Sand Canyon area. The meeting was attended by about 40 residents and it appeared that the majority in attendance support some type of park being built, although concern was expressed that those in attendance may not adequately represent all of the residents and that further outreach is needed to enable more residents to participate.

Additional meetings are being scheduled with tentative dates of 5/1/19, 5/29/19, 6/19/19 and 7/17/19. Please plan to attend and express your opinions and ideas!
