* OFFICE UPDATE *

Please join QVWD in welcoming Dawnette Boatman to our office staff. Dawnette will be staffing the office on Thursdays from 8:30 to 12:30 and she will also be attending Board meetings as the District Secretary. In addition to Dawnette, Lisa Hardenbrook will continue to staff the office Monday through Wednesday, 8:30 to 12:30. With these additions to our staff, we hope to be available to serve your business needs.

Another change to our operations is that we no longer have an answering service to take your calls when we are not in the office. To fill this need temporarily, calls are being forwarded to the on-call operator's cell phone. We are also preparing to install a modern phone system that will have an auto-attendant to allow you to choose how your calls are routed. Thank you for your patience as we work to meet your needs!

CONSTRUCTION UPDATE

Finally some visible progress on the Prop 84 project! Cora constructors has been working between storms and is expected to start pouring concrete for the new reservoir foundations this week! Abundant Water Wells is now able to access the new well site and is working to complete the new well. We are also having a bid opening this week to (hopefully) award a contract for the iron and manganese treatment plant. It looks like a very busy summer ahead!

BOARD VACANCY

Director Richard (Dick) Sims has informed the Board that he will be resigning as Director as he is moving out of the District.

If you are interested in serving on the Board of Directors, please contact Randy at (661) 822-1923 during regular office hours.

To serve as a director on the Quail Valley Water District board, you must be a property owner or agent of a property owner within the District boundaries.
